Hope Story

“Since I’ve been at Carole’s House of Hope, I’ve grown mentally and physically. Not only have I grown, but my children have as well. They are happy, comfortable, and most importantly stable. During my stay at Carole’s House of Hope, I managed to get my CNA license, get a car and take on a full time job at a very nice health clinic. I have everything I need and my children do as well. I love the staff, I love this place. Everything that I needed, right when I needed it.
